Project Description

The MBCI Tribal Sports Multiplex, covering 40 Acres and located by Lake Pushmataha - 277 Black Jack Road in the Pearl River Community, features four softball fields, a press box/concession stand, bathrooms, bleachers, and parking. Future plans include additional fields for softball, baseball, soccer, football, and stickball. The complex, under the operation of the Choctaw Recreation Department, is comparable to and exceeds many other facilities in the surrounding Central and Southeastern Mississippi area.

IKBI was responsible for Phase One site work of clearing and grubbing 40 Acres and subsequent dirt work, including erosion control and storm drainage, site utilities of water/sewer/electricity, and irrigation. In Phase Two, IKBI performed site work of topsoil placement, permanent grassing, irrigation fixtures, fencing for each field, playing field preparation for all fields (including playing field fixtures, bases, foul poles, etc), concrete & asphalt paving, access gates, sidewalks, and pavement markings. Electrical work included all temporary & permanent electrical connections, providing all panel boards, scoreboards, lighting, HVAC, and performing final connections to all equipment. Architectural work included construction and installation of the press box, concession stand, restrooms, dugouts, bleachers, flagpoles and metal storage building.
